DIRECTION 01

Ledger & stacked stone

Modular wall systems for residential, hospitality and landscape briefs.

DIRECTION 02

Split-face wall tile

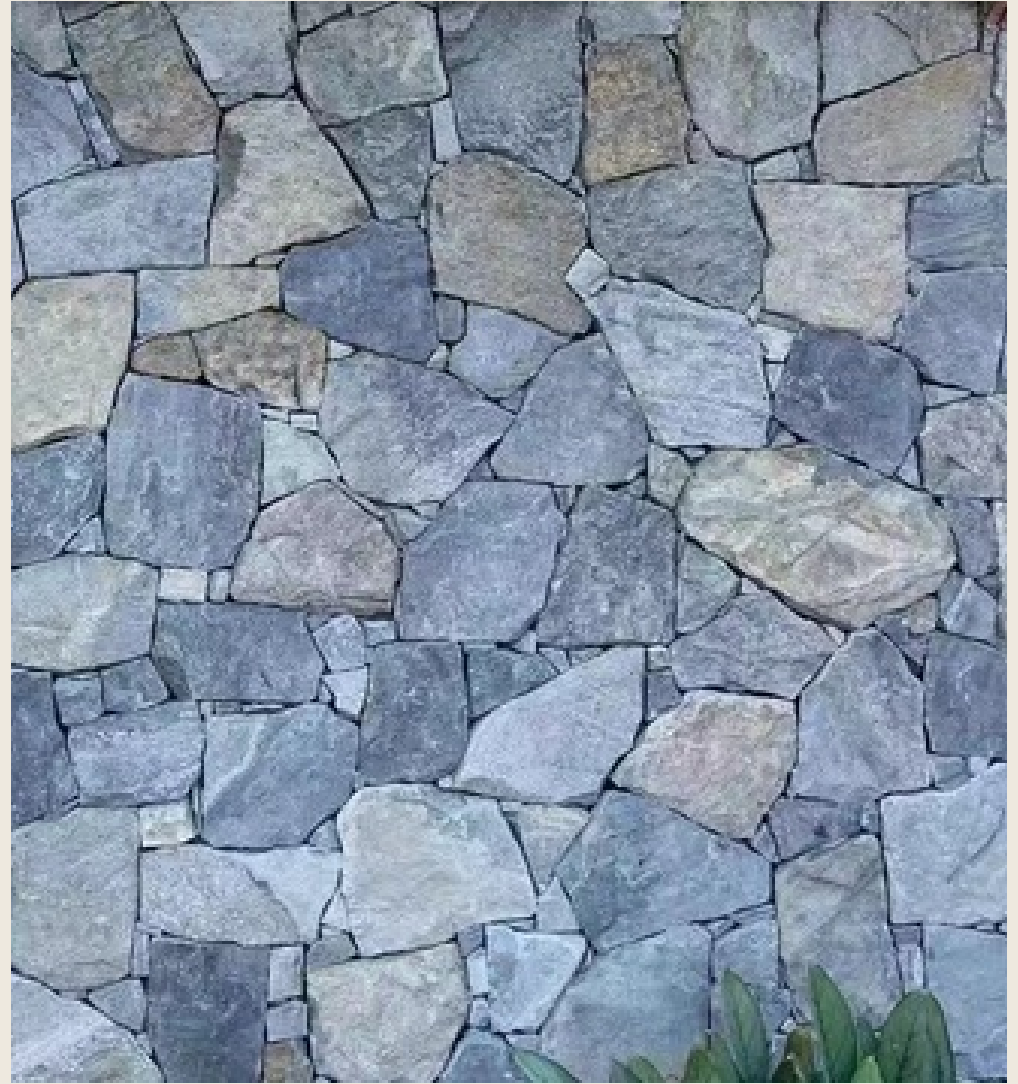

Textured formats for feature walls, facades and interior schemes.

DIRECTION 03

Z-panel wall cladding

Interlocking profiles intended to simplify layout and joint rhythm.

DIRECTION 04

Random loose stone

Irregular pieces for traditional masonry and natural wall character.

DIRECTION 05

Flagstone & paving

Outdoor paving directions for patios, paths and landscape areas.

DIRECTION 06

Column & pillar kits

Coordinated stone elements for entrances, piers and boundary features.

DIRECTION 07

Decorative stone mosaic

Pattern-led accents for selected interior and exterior applications.

DIRECTION 08

Corner components

Matching corner directions for continuous returns and finished edges.

DIRECTION 09

Stacking stone veneer

Veneer-led wall concepts for wholesale and project specification.

DIRECTION 10

Quartzite selection

Natural color and texture references for palette coordination.

DIRECTION 11

Grey stacked stone

Neutral stone directions suited to contemporary project palettes.

DIRECTION 12

Thin stone veneer

Reduced-profile visual direction for suitable wall applications.

DIRECTION 13

Dark stone cladding

High-contrast surface direction for modern architectural schemes.

DIRECTION 14

Fireplace surround

Reference styling for fireplace walls and focal interior features.

Use visual references to align the quotation brief.

Reference imagery does not represent completed ChunYu projects or an offer of a specific material.

WHITE QUARTZITE
